

HEXPLORE

Look Around You.

NEW FRIENDS, SAME ROUTINE

HEXPLORE YOUR DAILY LIFE.

We naturally seek new friendships in our everyday lives. At the workplace, classroom, the bar.

What if there are more people that are around you every day, but you don't know about?

That guy who has the same morning cafe routine. The girl who takes the same subway.

We at HEXPLORE seek to show you who you run into, and how often.

With Bluetooth we monitor HANDSHAKES, moments where your device comes near another person's. See how many handshakes you have and who is around you! View their Facebook profiles.
